Re | Junior Volunteer Program at Forsyth Medical Center

---

The Junior Volunteer Program at Forsyth Medical Center is now accepting applications from students ages 14-18 for the 2012 summer program. (Students must be 14 by the start of the summer program on June 18, 2012.) Application packets are available in the Volunteer Office located on the ground floor next to the employee entrance under the ICU. Included in the application packet is an immunization form which must be completed by a doctor. **Application materials, including the completed immunization form, must be returned to the Volunteer Office by Wednesday, February 29, 2012 to be considered for the program.** Prospective applicants will be contacted to schedule an interview in March.

The 2012 Junior Volunteer Program is scheduled from June 18-August 11. Junior Volunteers are required to complete a minimum of 6 hours of volunteer service per week. Students are permitted two weeks for vacations/camps. Students who will be gone more than two weeks during the 8-week summer program should not apply.
